

**Mobile and Web App for Formers “NILAM” Developed at Kongu Engineering College
was Launched by Honourable Minister Thiru.S.Muthusamy at Erode
– November 2022**

Erode District Agricultural Department in association with Young Indians, Erode and TBI @ Kongu Engineering College developed ‘NILAM’ a Mobile & Web App which helps to uplift farmers in Erode district. Using this app, farmers are categorised into 5 levels at each block level. Agriculture officer periodically visits the farmer at their land to help and assist for elevating them to next level and the progress is tracked for periodical review by district administration.

App was developed by Kongu Engineering College students Inder Pal Singh, Vishnu.M.K, Logesh.B, Gokulakannan.A, Gokul.M, Karthikeyan.R, Gandhamathan.V, Janarthanan.T led by faculty Dr.E.Gothai and Dr.R.Rajadevi with the Guidance of Erode District Agricultural Department and Mr.Thiagarajan and Mr.Pragadesh of Young Indians. App was field tested for few months by respective Agricultural department of Erode District.

“Nilam” app was officially launched at Erode Collectorate by Thiru.S.Muthusamy, Honourable Minister for Housing and Urban Development and Thiru.H.Krishnanunni I.A.S, Erode District Collector along with Thiru.A.K.Ilango, Correspondent, Kongu Engineering College. Minister congratulated the students and the team involved and honoured them with an appreciation letter.
