

**One Week Faculty Development Programme Under NAAN
MUDHALVAN Scheme was Organized in Kongu Engineering College,
Perundurai – February 2023**

Kongu Engineering College (KEC), Perundurai hosted one week Faculty Development Program in association with Tamil Nadu Skill Development Corporation (TNSDC) under “Naan Mudhalvan Scheme – A massive up skilling program” from 13.2.2023 to 17.2.2023. The three courses namely “Smart and Advanced Manufacturing Design and Simulation, Sustainable Building Design and Electric Vehicle Charging System Design” were offered through blended, online and physical modes for faculty of Mechanical, Civil and Electrical & Electronics branches respectively. The experts from industry offered the training to faculty on latest trends and usage of various tools. 150 Faculty members of engineering colleges from various zones in Tamilnadu have attended the program. The hands-on training enabled them to teach effectively these courses to their students who will become industry ready professionals in future. The academic cell of KEC has made the arrangements for the smooth conduction of this event. Thiru.A.K.Ilango, Correspondent, KEC and Dr.V.Balusamy, Principal, KEC appreciated the organizers of this event.
